

The physicians of Texas Medical & Surgical Associates, a multi-specialty practice founded in 1994, are focused on providing their patients with state-of-the-art, comprehensive care. By working collaboratively, they offer patients the most sophisticated, efficient and compassionate care available.

Texas Medical & Surgical currently has five practice areas: Ear, Nose and Throat; OB/GYN; Pediatrics; Rheumatology; and Urology. All 10 physicians are board certified in their specialties, members of the Texas Medical Association and the American Medical Association, and are Fellows of their respective colleges and/or academies. Texas Medical & Surgical is home to six 2006 Super Doctors: Dr. Presley M. Mock, Dr. Deborah A. Fuller, Dr. Raymond R. Johnson, Dr. Don E. Cheatum, Dr. Yijun Fan and Dr. Keith D. Newman.

In addition to serving as President of Texas Medical & Surgical Associates, Dr. Mock, board certified in ENT, is Chief of Staff of the Texas Institute of Surgery at Presbyterian Hospital of Dallas. Dr. Fuller is a member of the Texas and American Medical associations and a Fellow of the American College of Obstetrics and Gynecology. Dr. Johnson

is a member of the American Academy of Pediatrics and the Texas Medical Society. Dr. Cheatum is a fellow of the American College of Physicians and the American College of Rheumatology. Dr. Fan, board certified in Rheumatology, is a member of the Texas and American Medical associations. Dr. Newman, board certified in urology, is a Fellow of the American College of Surgeons.

THE GOAL OF TEXAS MEDICAL & SURGICAL IS TO PROVIDE STATE-OF-THE-ART CARE IN A PERSONAL, COMPASSIONATE MANNER AND ULTIMATELY KEEP OUR PATIENTS HEALTHY AND ACTIVE TODAY, TOMORROW AND INTO THE FUTURE.

Two Nurse Practitioners, one Physician's Assistant and more than 30 medical support staff assist the physicians in providing patient care. On-site ancillary services include laboratory, ultrasound, X-ray and 4D sonography. The group's two audiologists (one Ph.D., and one Masters) specialize in hearing loss, tinnitus treatment and hearing devices. At the request of their patients,

Texas Medical & Surgical created Skin Medic, a full service medical spa staffed by a certified aesthetician. SkinMedic offers services from laser hair removal to BOTOX treatments and is medically directed by board certified physicians.

Texas Medical & Surgical physicians, with their shared knowledge, collaborate to provide patients comprehensive care. The group's unique business structure creates tremendous value to each practice, allowing investment in the finest equipment and staff. Patients realize these substantial benefits through the sophisticated claims process and combined medical records. Additional office locations include Garland (Urology) and Casa Linda (ENT, Facial Plastics Surgery, Audiology and hearing devices). Texas Medical & Surgical is actively integrating top tier practices of selected specialty and geographic diversity so as to enhance the value of service to physicians and patients.
